

Voluntary Commitments Made by Canada at its 2018 Universal Periodic Review

145.1 To conduct human rights analyses to support the implementation of our international human rights obligations;

145.2 To improve the promotion and public awareness of international human rights in Canada;

145.3 To initiate a transparent process for ongoing consideration by federal, provincial and territorial governments of adherence to human rights treaties that Canada is not yet a party to;

145.4 To continue to take legislative and other steps to progressively realize the right to adequate housing as part of an adequate standard of living for its citizens;

145.5 To end, by March 2021, all long-term drinking water advisories affecting public systems on reserve; and;

145.6 To co-developing distinctions-based Indigenous housing strategies with First Nations, Inuit and Métis partners to ensure that future housing reform is reflective of their specific needs;

145.7 The Government of Canada also commits to continuing to improve services delivered to Indigenous Peoples – such as education, clean water, housing, and health services. We aim to achieve this through: the full implementation of Jordan's Principle to ensure that First Nations children receive the same health and social services and supports, as other Canadian children; the full implementation of all the orders of the Canadian Human Rights Tribunal; and, the co-development and transformation of the delivery of Indigenous child welfare.
